

One Planet Cooking Class Student Feedback May 2014

During our final cooking class, students completed a Bingo evaluation game to share their feedback about the program. Students were asked to share about a variety of topics related to the cooking classes, including whether or not they had fun, took risks, and shared any of their new knowledge with their families. Due to conflicts with sports schedules and a change in our class day in South Royalton, we were only able to survey about half of the program's participants (22 students). Below is a summary of the combined responses from Tunbridge and Royalton. The next page shows students' reactions to each recipe they created.

I had fun	21/22
I like to cook	21/22
I tried a new food	19/22
I liked a new food	16/22
I disliked a new food	3/22
My family ate what I cooked	14/22
I made one of the recipes at home	13/22

Additional comments included:

"It was yummy."

"I liked the teachers."

"I wish we made ice cream."

"I wish we made cake."

"I love it!" (2)

"I like it" (2)

"I love cooking class"

"I loved everything—thank you!"

"In cooking class, we take things that I don't like and make them taste good."

RECIPE FEEDBACK

Each week, students also gave feedback about the recipe they made after very spirited taste-testing. We used a chart with a smiley face, neutral face, or sad face to indicate students' feelings about the food and also asked for additional comments. The results from both Tunbridge and Royalton have been combined.

RECIPE	POSITIVE	NEUTRAL	NEGATIVE	COMMENTS
Apple Carrot Muffins	23	7	1	"I loved them" (7) "It was the best!" "Amazingness"
